

Dosshiel

Gisel was showing up to Freedom House and how their resources helped her out through hard times.

ing you Freedom House was there to give me a plate of food. Was there to give me some money if I needed, so I can not be homeless again after the pandemic happened and I didn't have a place to go back to. Like Freedom House was just there throughout the entire time.

Freedom House helped Gisel throughout her journey to becoming the know-in-storyteller speaker she is today.

House and many more. She is known as an inspirational, change-maker public speaker. She was nominated to speak at the Global Leadership Summit in the Boston Chapter, Champions of Freedom, and many more. Most importantly, Gisel is a woman of faith.

Gisel ureho
inspires me
because no matter
what struggle or
obstacles she had to
face she still made
it to where she is
today
